

The Neat Nursery Co.

Welcome to a **brilliant** collection of **perfectly practical** products for the **modern** nursery

2

Character Care

Essential grooming products in a convenient travel case designed for every moment of clipping, shaping and protecting.

In the swinging 60's we produced bespoke moulded baby products for the very first Mothercare store on the High Street. Today, The Neat Nursery Co.'s creative designs continue to be recognised for their high quality. Our collection of thoughtful, ergonomic nurseryware is available in a variety of designs and dynamic colours.

Visit us online at www.neatnursery.com and discover the advantages of a Neat idea.

Bath Time

Our range of bath products make bath time fun for everyone. From ergonomic baths to stylish storage, the fun is available in a variety of colour combinations and styles.

Ergo Bath (703)

One of our parents' long-standing favourites. Ergonomically designed so baby feels secure and happy.

Integral plug and soap dish • Contrasting colour detail • Suitable from birth.

Comby Bath (926)

With a removable back rest so your newborn baby has more space for playtime as they grow. Comfortable and fully supportive so bath time is more enjoyable for both baby and parent.

Integral plug • Clip on back support available in multiple colours • Suitable from birth.

Supabath (429)

Fits securely on to the top of your own full-size bath giving you easy access to bathe your newborn baby at a comfortable height.

Ease of filling and emptying • Plug and soap dish • Fits most standard European baths.

Bath Supports

Ergonomic shaped bath support designed to support baby comfortably and safely in the bath.

Non-slip surface • Fits safely into adult baths • Suitable from birth • Suction pads keep bath support stable.

Colour Options - Ergo Bath, Comby Bath and Supabath:

Bath Time

About Us

The Neat Nursery Co. is recognised as one of the leading UK manufacturers of plastic moulded baby products and factored complimentary ranges. In 1961 (under our former title of Quest Consumer Products Ltd.) we produced a variety of toilet training products for the very first Mothercare store on the High Street. Since then we have gone from strength to strength extending our product range with the bath time, toilet training and feeding categories to satisfy consumers requirements.

In-house Design and Development

At The Neat Nursery Co. we design and develop products with our own in-house design team and benefit from the support of our global parent company.

The specialties available include:

Product design	Textiles design	Model making
Tool making	Auto CAD design	Artwork and Graphics
Illustration	Project management	Packaging

Manufacturing

With automated injection machines ranging from 60 tons to 1700 tons and a wide range of blow moulding machines we enjoy an enviable flexibility in using the most effective production techniques. On-site tool maintenance supports the factory in working a 3 shift system, capable of running 7 days a week. Tools can also be manufactured by our parent company, Flambeau Inc. in the USA.

Overseas

Based in China our Procurement Manager constantly sources new products using some of the best factories globally.

Quality

Moulding and assembly personnel manufacture and package a wide variety of products ranging from bathing to toilet training to exacting standards. Our highly experienced production team work with a variety of leading nursery retailers specifications to produce bespoke products across the industry.

We have a number of secondary operations such as ultrasonic welding and printing before final product assembly. The Neat Nursery Co. operates a quality system to ISO 9001 requirements, AITF 16949 Automotive Quality Standard and ISO14001 Environmental standard. All products are checked and quality audited before transfer to our warehouse.

Distribution

Our vast warehouse and distribution facility at Ramsgate, Kent enables us to distribute anywhere in the world. Our despatch department responds quickly to each customer's requirements and demands. Customer orders and invoices can be processed electronically via EDI or our IT department can integrate bespoke systems, if required.

The Neat Nursery Co. effectively offers short lead times, along with competitive pricing while our Quality Assurance team delivers the benefit of a wealth of technical and commercial expertise.
